

## FEAR THAT DROVE SIFT TO SUICIDE WAS BASELESS

Instead of Facing Bankruptcy,  
Manufacturer Had \$138,000  
Above All Liabilities.

Instead of being on the verge of financial ruin, as he had supposed, Nathan Sift committed suicide at a time when the assets of his business interests totaled \$138,000 above his liabilities. Sift owned two silk mills, a clothing factory and various selling agencies. He drank golden Sept. 9 in his office at No. 17 Waverly place.

Obsessed with the belief that his commercial credit was imperiled, Sift decided that it was the part of honor to end his life and thus save those who had stood by him in time of need.

Perley Morris & Co., certified public accountants at No. 49 Exchange place, examined Mr. Sift's financial condition for Leo Oppenheimer, a syndicate collector in bankruptcy, immediately after the suicide. Their report of yesterday shows total assets of \$138,000 and a surplus of \$138,000 over liabilities. The assets include life insurance policies for \$86,000, whose ownership is disputed. Deducting that item the balance sheet gives a net surplus of \$52,000.

If the assets can be liquidated at face value and the surplus holds as the accountants expect, Sift's heirs will have \$138,000 from the business, \$137,000 from life insurance, and probably \$10,000 in friendly notes and checks.

Sift died his will July 9 in the Surrogate's office, leaving his estate to his wife in her own right and as guardian of their four children. July 20 he transferred to his wife a life policy for \$15,000, and July 23 another for \$15,000. She thus had \$30,000 in policies, including one for \$10,000 transferred two years ago.

## MISS FIANCÉE AND WALKS STREET FOR DAY AND NIGHT.

Miss Celia Henry, daughter of the proprietor of the Colonial Hotel in Philadelphia, came to this city Tuesday to meet John Kalsan, a house painter of Long Island City and marry him. Her folks did not like Kalsan very well. So it seemed better she should come to him than to her father.

In his letter telling her where to meet him Kalsan told her he would be waiting for her at the Elmhurst Station of the Long Island Railroad Thursday morning. She misread the letter and was there Tuesday. She waited around all day and at last, when she did not come, looked at the letter again and saw she had made a mistake of two days.

The girl's money was gone, she did not know where Kalsan lived and she had no friends in this city whose addresses she knew. She walked up and down the streets all night and all day Wednesday. To-day early Policeman Mahoney found her lurching along Broadway. Elmhurst, soaked to the skin

and weak from hunger and exposure. He called an ambulance and had her sent to St. John's Hospital.

The police found Kalsan in Long Island City and took him to the hospital. Kalsan wanted to take her right out to a parson, but the physicians said she must stay for two or three days until she was quite over the shock.

Accident Sends Limer Back to Port.  
LIVERPOOL, Eng., Oct. 24.—The steaming gear of the Canadian Pacific steamship Montclair which left Liverpool for Montreal on Oct. 14, has got out of order and the vessel is obliged to return to this port. She was reported today as 8.45 A. M. at eighty miles west of Fastnet.

## THE CURABLE STAGE OF CONSUMPTION

Do not go away from home in the hope of a cure from residing a short time in a different climate. Consumption is a disease as just as curable as any other disease, and can be cured in any climate.

You can be cured at home—if you can be cured at all—while you improve in another climate. You return to your home only to have the disease break out again in a more virulent form than before.

Remember that every case passes through its curable stage, which is often a year's duration—plenty of time to be cured, if the disease is only recognized and properly treated before the incurable stage overtakes the patient.

If you fear that there has been failure to correctly diagnose or understand your case, call on Dr. Anderson and investigate his means of treatment for yourself.

He is one of New York's leading specialists in Throat and Lung Diseases, and an expert in diagnosis by special X-ray examination, whereby he discovers the very earliest signs of lung trouble while the disease is yet in its curable stage.

It costs you nothing to find out for yourself, because office consultation and examination are given without charge.

Dr. Anderson, Specialist, 80 West 22d street (between 6th and 6th avenues), New York.

Hours—Daily, 10 to 4; Monday, Wednesday, Friday evenings till 9 o'clock; Sundays, 11 to 2. Valuable book on Tuberculosis sent to any address.

**CARMEN DOESN'T SHOW POWDER**

The Refined use of CARMEN Complexion Powder will enhance that youthful loveliness that nature gave you, and will not show an unbecoming effect.

Carmen, unlike other powders, will not come off until you remove it, nor will it lose its fascinating fragrance. Carmen is entirely "different"—pure and harmless to the skin, and does not harm the complexion.

Flask, White, Pink, and Cream from your Druggist or Department Store.

**Carmen Cold Cream**—beauty and softness in a single application—Snow White—Non-Staining—Harmless—50c and 25c.
